

LIMITED EDITIONS

Royal Enfield unveils range of bikes, gear

NEW DELHI: Royal Enfield, the two-wheeler division of Eicher Motors, on Thursday unveiled a range of limited edition bikes, inspired by the 'despatch riders' of the World Wars, which will be sold online only. The Chennai-based firm plans to introduce the limited edition motorcycles and new collection of gears and accessories in domestic and international markets. "These bikes can be booked online from our gear stores and deliveries would begin by July 15," Royal Enfield CEO Siddhartha Lal told PTI.
