APPENDIX

Note: The Company followed “January-December” as its reporting year till December 2014. The Board of Directors in its meeting held on February 13, 2015 decided to align the reporting year of the Company with the requirements of Companies Act, 2013. Therefore, the reporting year for 2015-16 commenced on January 1, 2015 and ended on March 31, 2016, being a period of 15 months. However, to have comparability in the numbers from previous reported years, the presentation captures un-audited financials for FY15-16 (April 1st 2015 to March 31st 2016).

Maps are not to scale. Representation of maps is for reference purposes only.

Eicher Motors Limited ***OVERVIEW***

Key Milestones

India's first tractor rolls out of Eicher factory in Faridabad

International Business - Key Priorities

Network Expansion and Touch Points

New Retail formats - Studio stores, Shop-in-shop for apparel, and motorcycle displays to increase customer reach. Network expansion in key developing markets to increase the number of touch points for customers

CKD Setup

Evaluating opportunities to set up CKD facility in priority markets in APAC and LATAM region. Recently set-up a CKD facility in Argentina

Product Portfolio Expansion

Launch of new products to expand the global product portfolio and presence in new categories. Launched Meteor 350 in key markets of APAC and Europe

International Business – Financial Performance over past 5 years

Opportunity to double the revenue share of "INTERNATIONAL" business

Integrated Product Development Capabilities across UK and India

UK

- UK Tech Centre at Bruntingthorpe, a hub for the product development and research activities, is driving the mid-range motorcycle platforms.
- A team of over 160 employees comprising engineers and designers with a wide range of international experience in all aspects of motorcycle design and development, from concept to pre-production.
- Spread across ~36,000 sq ft, the facility employs state-of-the-art industrial design studio, testing and validation equipment and workshop facilities.

New Product Introduction (NPI) framework in place to develop best-in-class products in a minimal timeframe

Next five year product pipeline in place

Chennai

- The Chennai facility has the engineering and design teams of about 260 employees working under one roof
- The facility houses hemi-anechoic chamber and climatic chassis test cell and is fully integrated with the Technology Centre in the UK.
- The world-class facilities at these two technology centres enable Royal Enfield to take full ownership of all aspects of motorcycle design and development.

Motorcycling

Product Portfolio – Motorcycles

Royal Enfield range of motorcycles is able to address a unique mix of appeals –
from its traditional customer base to urban, aspiration-driven youth

Bullet

- Longest production motorcycle
- Resolute, unchanged form
- Pride of the armed forces
- Iconic cues – thump, pinstripes, road presence

Classic

- Sense of distinctiveness
- Post-war styling
- Timeless design

Meteor 350

- Easy cruiser with British aesthetic and timeless charm
- Comfortable riding position with easy handling ability
- High torque and smooth power delivery

Himalayan

- Purpose-built and adventure tourer
- Versatile for riding on- and off-road
- Fully ground-up with all-new engine
- Touring capabilities

Continental GT 650

- Authentic café racer
- Powered by modern Twin cylinder engine
- Perfect for high speed blasts on twisty backroads or as a stylish motorcycle for the city

Interceptor 650

- The quintessential roadster with commanding and comfortable riding position
- Powered by modern twin cylinder engine
- Fun and practical to ride in almost all terrains

Traditional and Iconic

Urban, Lifestyle and now Adventure

Launch of Meteor 350

Purposefully designed to be an easy cruiser, inspiring delight for beginners and experts alike

Product Portfolio – Apparel

MAKE IT YOURS

Make It Yours (MiY) is a new initiative that allows customers to customize and personalize their motorcycles

WOMEN'S APPAREL

A clothing range designed to be aspirational yet accessible and support the women riding community in their pursuits of exploration.

Co-branded collections

Collection offering motorcycling community and other consumers a "stylish, purposefully designed and affordable apparel.

KNOX x RE

Enhancing the product portfolio, RE and Knox collaborated to build a high protection, CE certified external knee-guard called Conqueror and CE approved jackets globally in-align with its commitment to providing "a pure motorcycling experience" to the riders

THIRD PARTY FOOTPRINT

Apparel range available online on Amazon and Myntra and offline presence across 19 CENTRAL stores in India. Online presence on "LAZADA" – a prime e-commerce player in Asia Pacific Region.

Product Portfolio – Motorcycle Accessories

Be it aesthetic enhancement or functional protection, catering to every individual's need with over 200 products now in portfolio

Complete peace of mind with a 2 year of manufacturer's warranty (3 year for Meteor)

This exciting product range is at the forefront of the fabulous "[Make it Yours](#)" initiative and will grow in future providing customers even more options for personalization..!

After Sales Opportunity

Introduction of a range of products including AMC, extended warranty, roadside assistance to offer a complete peace of mind to customers

Extended warranty and a significant reduction in maintenance cost to promote longer customer retention

Growing customer base and increasing footprints to drive the overall after sales opportunity

Electronic parts catalogue and parts rebranding initiative to ascertain all time parts availability and use of genuine parts

Quality - Customer Satisfaction #1

SALES

Store Layout

- Process excellence
- Brand retail identity
- Digitization of buying experience, interactive catalogue
- Quality of manpower

SERVICE

Service on Wheels

- First time right
- Extended warranty and AMC for better upkeeping of motorcycles
- Roadside assistance support in case of a vehicle breakdown
- Doorstep servicing through launch of “Service on Wheels” initiative
- A significant reduction in maintenance cost by change of oil

PRODUCT

Field Failure – Defects per Hundred Bike

Reduction in Defects

- Adoption of “Shoki Ryudo Kanri (SRK)” process
- Refinement of “New Product Introduction (NPI)” process
- Vallam Vadagal facility received the Frost & Sullivan Gold Award for Manufacturing Excellence
- Continuous improvements on the basis of inputs from customer, field team and benchmarking

Best-in-Class Technology Delivering Superior Quality

VEHICLE ASSEMBLY

- SRK methodology for new products
- Flexibility - Over 500 SKUs in 5 lines
- One bike every 50 seconds

ENGINE ASSEMBLY

- Automated critical sub-assemblies
- First-time right with 400 Poka Yokes
- 100% Engine - tested and certified

SURFACE FINISHING

- Best-in-class European technology
- 46 painting robots
- Handles over 50 different shades

MACHINING

- 300 high-precision machining centers
- World class process capability index
- Robotic washing for superior cleanliness

FABRICATION

- 100% Robotic welding for Frames
- Better control in every process parameters
- Improved ride & handling experience

AUTO BUFFING

- Automated buffing for better aesthetics
- Achieving uniform and consistent finish
- Engineered dust extraction - clean environment

Royal Enfield Introduces Make-it-yours Initiative On Apparel

First-of-its-kind personalization tool, the Royal Enfield Make It Yours, now available across the brand's range of gear and apparel

Close to 7,000 unique options to choose from for customizing helmets and over 15,000 unique options for t-shirts based on individual style and preference

Rides and Community

Rider Mania

- Rider Mania is Royal Enfield's most definitive motorcycle festival and largest gathering of RE enthusiasts in the world.
- In 2019, the 11th edition was held in Goa which saw the highest ever gathering of 8,000 participants.
- The event saw the launch of the Royal Enfield Slide School to encourage and bring back the culture of flat-track racing.
- The first edition of flat-track racing will be conducted in Bangalore in the month of February.

Himalayan Odyssey

- The 17th edition of Himalayan Odyssey 2021 saw 15 motorcyclists including RE employees and members of the rides team cover over 1,000 kms around the Ladakh region.
- The ride was re-imagined to bring to the fore the very inculcation of responsible travel in the form of environment sustainability, supporting local community and safe riding with COVID-19 protocols.

Bringing People with Allied Interest Together

Royal Enfield Astral Ride

- Royal Enfield organized the second edition of Astral Ride 2021, a one-of-its-kind ride that combines the passion for photography with the spirit of motorcycling, in Rann of Kutch, Rajasthan.
- The ride provided an opportunity to the occasional hobbyist to ride a Royal Enfield motorcycle and learn nuances of astro-photography.

Royal Enfield Himalayan Adventure Rongbuk

- First-of-its-kind Indian manufacturer led expedition designed to take the riders to the base camp of three of the eight thousand-meter peak - Mount Everest, Shishapangma, and Cho Oyu in Tibet, China.
- In 2019, the 11-day ride was flagged off from Kathmandu with 11 riders to cover a distance of 1,111 Kilometers covering the Nepal -Tibet border at Syabrubesi at the altitude of 4,000 metres and above.

Himalayan Adventure School – Korea

- The 2nd edition of Himalayan Adventure School in Korea witnessed the participation of 25 Himalayan owners.
- Specifically designed for beginners looking to gain confidence and get comfortable with riding on diverse terrains.

Ride 120 - UK

- An initiative to celebrate the 120th anniversary of Royal Enfield.
- The riders undertook a 120-mile ride across South-West England on RE motorcycles - linked with the Riders Club of Europe and UK charity partner CALM.

Launch of the RIDERS CLUB OF EUROPE

- A new community-focused and one-stop-shop for all current and future Royal Enfield riders, embodying all “Pure Motorcycling” ethos.
- Members will be able to enjoy dedicated rides, brand experiences and event activations right across Europe.

Tour of Columbia

- The third edition of Global Tour in Columbia was held during the last week of April 2021.
- A 9-day adventure focused on unlocking the pure motorcycling experience for novices and experienced riders alike.

Slideschool – An Initiative for Flat Track Motorsport

Launch of Slideschool in India

Launch of Slideschool in US/Canada

Inaugural season of flat track racing in the EU

First ever half-mile win at Lima Half Mile

Debut in Australia at “Dust Hustle”

Brand

Oldest Motorcycle Brand in Continuous Production

1901

The first Royal Enfield motorcycle is produced. Designed by R. W. Smith and Frenchman Jules Göttert, it has a 1 1/2 hp Minerva engine mounted in front of the steering head. The final drive is at the rear wheel by means of a long rawhide belt.

1926

A major fire breaks out at the Redditch factory. The company's own fire brigade manages to fight flames that threaten to engulf the entire 18-acre plant.

1932

The legendary "Bullet" motorcycle is born. It is first displayed in November 1932 at the important Earls Court Motorcycle Show in London. Three versions: 250, 350 and 500cc are available with inclined 'sloper' engines, twin-valve cylinder heads, foot-operated gear change and high compression pistons.

1943

Royal Enfield produces large quantities of motorcycles and bicycles during the Second World War. The most iconic military model is the 125cc 'Airborne' motorcycle known as the 'Flying Flea'. This 125cc 2-stroke can be loaded into a specially fabricated parachute cradle and dropped with paratroopers behind enemy lines.

1948

The 350cc Bullet prototype, with radical swinging arm rear suspension, is previewed in the Colmore Cup Trial of March 1948. Two Bullets form part of the victorious British team in the 1948 ISDT (International Six Days' Trials), held in Italy. Both their riders win gold medals.

1952

Madras Motors receives an order from the Indian Army for 800 350cc Bullets. The motorcycles arrive from Redditch in early 1953 and prove to be a great success, being both hardy and easy to maintain. Johnny Brittain wins the prestigious 'Scottish Six Day Trial' on his 350cc Bullet, 'HNP 33T'.

1955

The Redditch company partners with Madras Motors in India to form 'Enfield India'. Work commences on the construction of a purpose-built factory at Tiruvottiyur, near Madras.

1964

The iconic Continental GT café racer is launched to great acclaim. To showcase its endurance, a team of photojournalists ride it from John 'o Groat's to Lands End in under 24 hours. The GT features a racing petrol tank, clip-on handlebars, rear sets, a humped race seat, rev counter and a swept-back exhaust.

1967

With only two models left in production at the start of the year, the 250cc Continental GT and the 736cc Interceptor, Royal Enfield's Redditch facility closes down. Production of the Interceptor continues at Enfield's underground facility in Bradford on Avon.

2008

The 500cc Unit Construction Engine (UCE) is launched in India. The retro-styled Classic version achieves cult status immediately and sales grow rapidly.

2016

Royal Enfield debuts its first purpose-built motorcycle, the Himalayan. With the all-new LS410 engine, a half-duplex split-cradle frame and steadfast suspension, it promises the ride of a lifetime on all roads and no roads.

2017

Production commences at Royal Enfield's third manufacturing facility – a new state-of-the-art factory at Vallam Vadagal, Chennai.

1994

Eicher acquires Enfield India Limited. The company is renamed Royal Enfield Motors Limited.

2013

The first Royal Enfield motorcycle rolls out of the new Oragadam plant near Chennai. In the same year, Royal Enfield rolls out the all new Continental GT, a motorcycle built on a new cradle frame chassis that is, through and through, a café racer.

2017

A purpose-built technical centre opens at the Bruntingthorpe Proving Grounds in the UK and a team of over 100 experts begin work on research & development and long-term product strategy.

2020

Royal Enfield launches the all-new easy cruiser, the Meteor 350, across India, Europe, Australia, New Zealand, Thailand and Philippines.

Royal Enfield Stores Demonstrating a Unique Brand Retail Identity

Flagship Store in Singapore

New Delhi, India

Recife, Brazil

Rome, Italy

Royal Enfield Garage Café, Goa

A celebration of exploration - through motorcycling, food, entertainment and personal expression

- Royal Enfield has set up its first Royal Enfield Garage Cafe in Arpora - Baga, Goa.
- The cafe is an inclusive and engaging space that reflects Royal Enfield motorcycling way of life and is designed to be a catalyst to deepen closer association with riding enthusiasts and customers.
- The Garage Cafe is a massive 120-seater cafe and also has a Royal Enfield motorcycle museum-and-exhibition area, an exclusive gear store, a motorcycle customization area and a service bay.

Themes for RE's Sustainability journey

Environmental

- Water positive
- Carbon neutral
- Zero liquid discharge
- Zero single use plastic
- Focus on increasing share of renewable energy (primarily solar)
- Zero wood usage in operations
- Reducing paper usage through digitisation
- A greater use of recyclable motorcycle parts

Social

- Ride for a cause
- Disaster relief
- Village upgradation programmes
- Road safety and community development programmes
- Vocational training programmes
- Automation of labour-intensive processes
- No engagement of child labour throughout the company's value chain

Governance

- Strategy, execution and monitoring
- Risk management
- Transparency
- Board composition
- Whistleblower schemes

[Click here to view our Integrated Annual Report 2020-21](#)

Committed to drive an active agenda towards the sustainability and the environment at large

- Village development program at Vallam, Tamil Nadu
- Rural electrification and livelihood promotion in remote villages
- Clean Air-Better Life: Stubble management in villages in Punjab
- Successfully organized Rider Mania and Himalayan Odyssey in 2019 with zero single-use plastics and with a focus on 'Leave every place better', the team collected over 3,000 kgs of recyclable waste and 450 kgs of biodegradable waste for recycling.
- Working on conserving and harvesting water at the manufacturing facilities to turn them 'Water Positive'.
- Planted over 3,000 saplings around the manufacturing facilities.
- Organised several 'Cause Rides' across the country to try and leave every place better.

Europe

India

Australia

USA

Committed to support the affected communities during the pandemic

- **India:** Committed INR 20 crores this year, in addition to INR 50 crores committed previous year to support relief and rehabilitation efforts in India. Given the magnitude of the second wave, identified strategic medium and long-term programs inspired by UN's COVID-19 response framework- Build Back Better
- **Thailand and Indonesia:** COVID support was offered to high-need-gap, underprivileged communities. Rides were organized to support the needy and homeless.
- **Europe:** A holistic partnership with CALM (Campaign Against Living Miserably) to invite riders to "OPEN IT UP" about Mental Health - helping motorcycle enthusiasts tackle mental health issues.
- **US:** Distributed over 60K masks across the United States. Also delivered 150 Nurse Care package to hospital in Milwaukee.
- **France:** Building on existing partnership with RARE (Breast Cancer Charity) in France.

VE COMMERCIAL VEHICLES

A VOLVO GROUP AND EICHER MOTORS JOINT VENTURE

VECV was Established in 2008 with Strong Parentage

EICHER STRENGTHS

- Strong player in LMD segment
- Specialist skills and experience in developing low cost, better performance products
- Wide dealer network
- After sales infrastructure
- Cost effective operations

Eicher transferred its CV, components and engineering solutions businesses into VECV

VOLVO STRENGTHS

- Global expertise
- Leadership in product technology
- Good infrastructure facilities
- Well-defined processes and controls
- Brand image and customer relationships

Volvo demerged Volvo Truck India's sales and distribution business from Volvo India Pvt Ltd.

VECV vision

To be recognised as the industry leader driving modernisation in commercial transportation in India and the developing world

Milestones

AUGUST 2008: Signing of definitive agreements

Jul-Aug 2008: Commencement of JV

2009: Inauguration of the new gear component plant at Dewas

2009: Launch of CSI-1 quality improvement initiative

2012: VEPDC inauguration

2012: CED paint shop inauguration

2010: Launch of VE-series of Eicher HD trucks

2013: VEPT Pithampur inauguration

2013: Pro Series launch

2013: Start of production at Bus body plant at Bagdad (MP)

2013: EEC gear plant, Dewas Unit II inauguration

Milestones

2014: Volvo Trucks launch of new range of products comprising FH, FM and FMX

2014: Inauguration of Eicher retail excellence center (VECV academy)

2015: Inauguration of 'Customer Experience Center' and 'Vehicle display zone'

2017: Inauguration of Transmission Assembly Line at EEC, Dewas

2017: Pro 5000 Series launch

2016: Launch of Eicher Pro 1049 (Sub 5 Ton mini truck)

2018: Ground Breaking Ceremony of EECD II expansion facility at Dewas

2018: Successful 10 years of partnership between Eicher and Volvo

2018: Launch of Eicher Pro 6049 and Eicher Pro 6041

2019: Eicher Pro 2000 series launch in Mumbai

2020: Integration of Volvo Buses India (VBI) with VECV completed w.e.f. 1st Nov'20

2020: Inauguration and Start of Commercial Production in "State of the art manufacturing set up at Bhopal"

International Business: Growing Market Share

New Product for S. Africa- Pro 6025T

Pro 6000 series Application vehicles

Exports

(in nos)

Strong position in CV exports in 5-to-40-ton trucks and buses segments

Market coverage includes South Asia, South-East Asia, Middle East, Africa

World Class Manufacturing set up...

- Capacity to produce ~90,000 trucks from Pithampur plant; new plant at Bhopal inaugurated on 5th Dec'20, Capacity increased to ~130,000 per annum
- Production of 41,736 vehicles in FY21
- Highly flexible vehicle assembly lines with right blend of technology to control critical parameters catering over 800+ variants
- All aggregate lines, Body in White (BIW), paint shop, main chassis lines, machine shop, engine testing and painting, new export line established with enhanced capacities
- New body shop for Pro 2000 and Pro 8000 installed and commissioned successfully
- Complex and critical sub assemblies by robots/manipulators ensuring consistent quality levels, fit and finish
- State-of-art bus plant spread over 46 acres set up under VECV's overriding vision of driving modernization of the Indian CV market

Bhopal Plant - State of art manufacturing facility

Power Train Shop

Cab Trim Shop

Chassis Assembly Shop

**Inauguration of VECV
Bhopal Plant**

- Phase 1 capacity – 40k vehicles per annum (scalable to 100k vehicles per annum)
- Driving modernization - Advance Powertrain and Vehicle assembly lines with right blend of automation
- First BSVI compliant greenfield plant in Indian CV industry
- Plant inaugurated by Madhya Pradesh Chief Minister Shri Shivraj Singh Chouhan on 5 December 2020
- Manufacturing setup and equipment in place, vehicle production has commenced
- Full ramp-up achieved in Power Train plant
- All ancillaries and supply chain in the ramp-up stage
- Driving skill building and efficiency improvement in all areas

VE Powertrain

- First engine plant in India producing Euro-6 compliant base engine
- Exclusive manufacturing hub for medium duty engine requirements of Volvo Group
- Current capacity of 50,000 engines, scalable up to 100,000 engines
- Best executed project with Volvo Group technology with frugal approach
- The 5 and 8 liter engines of this platform deliver power ranging from 180 to 350 HP

Other VECV Business Areas

Eicher Engineering Components (EEC)

- Strategic supplier of drive line components and aggregates for VECV, The Volvo group, exports and strategic domestic OEM customers
- Production facilities at: Thane, Dewas and SEZ, Pithampur
- Annual turnover of Rs. 820 Crores in FY21

Other VECV Business Areas

Eicher Non - Automotive Engines

- Presence in 11 countries, Genset Assembly in UAE and South Africa, pan India presence in Genset segment
- Reputed as most reliable and lowest operating cost engines, established in material handling segment
- Engines and drivelines for power, industrial and other off-highway applications
- Providing customised power drive solutions to equipment manufacturers in agro, fire-fighting and earthmoving segment

Key CSR Initiatives

Trucks Sanitization Drive with AITWA

Efforts to help affected society

- Helped over **300 families** with groceries and masks
- Assistance provided to 19 drivers
- Training construction labors through NGO- 'Action Aid'
- Sanitization of Labor hutments

Driver Sanitisation kits with Dr. Shroff Hospital & Delhi Traffic Police

Food, Mask and Sanitization kits distribution

- Over **1,50,000 meals** prepared & distributed
- Partnered with Indian Oil Corporation Limited (IOCL) for Driver Pragati Kendras to distribute meals to 11,000+ drivers
- Driver sanitization kits distributed in partnership with Dr. Shroff Hospital & Delhi Traffic Police.
- 2,500+ ration kits distributed to construction workers
- Sanitized 1,000+ trucks carrying essential imports at 6 locations in partnership with All India Transporters Welfare Association (AITWA)
